## NO WORD FROM DUNRAVEN WHAT THE CUP COMMITTEE THINK

OF THE SITUATION. The Whole Matter New Rests with the Royal Yacht Neundren-Ex-Commodors Smith Says that the Committee's Reply to the Earl Was Felly and Sportemanille. Up to a late hour last night no reply had been received at the New York, Yacht Club from Lord Dunraven, and the pros pects of a race for the America's Cup in 1893 seem to be growing beautifully less all the time. If a favorable reply to the Cup Committee's cablegram of Dec. 10 is not received before the end of the week it is eafe to say there will be no race. There is a growing feeling in the New York Yacht Club that Dunraven put off challenging until the last minuts, when he could just as well have com-menced his letter writing and preliminary correspondence six months ago. Forest and Stream in speaking of this, says:

While a ten months' notice is one-offthe indispensa-ble requirements of a legal challenge, it is unlike the demand for the four dimensions, in that it is specifi-cally recognized as one of the secondary details sub-ject to the "mutual agreement" clause. The giving of ten months' notice is compulsory in order to as-sure the legality of the challenge; but-this notice once to agree to an entire rate. A threatment that the New York Y. — would be quite justified in idhering to the fetter of the new deed, and not only declining to secept Lord Dunraven's suggestion. If a race within eight months, say in August or Mepte they in place of betoker, but I opening much furthers ad declining any raillenge for 1809 which does not make a date within

challenge for 1895 which does not name a date within ten months. It is held that Lord Dunraven, having already sailed for the cup, is perfectly familiar with the terms laid down, and that his invention of again challenging was informally amounced by him over a year ago. He has had every opportunity and indostronent, not only to open preliminary may obtained, but to send a formal challenge at least six months ago, and yet he has wait challenge at least six months ago, and yet he has wait place the defenders at wrons and needless disadvantage. Considering hew much there is to do in the organizing of syndicates and the preliminaries of the organizing of syndicates and the preliminaries of the challenger, the defenders are not allowed breessary time for prepara ton.

There was little or no news to be obtained yes.

case of the challenger, the defenders are not allowed necessary time for preparation.

There was little or no news to be obtained yesterday regarding the childenge. The Cup Committee held a meeting it ex-Commodore James D. Smith's Brond street office, and the ex-Commodore had so far recovered from his illness as to be able to be present. Others on hand were J. Frederic Tama, Lathan A. Fish. Archibald Rogers, Gouverneur Kortifght, and A. C. Canfield. After an hour's sess on the committee adjourned subject to the call of the Chairman.

After themeeting Chairman Smith announfeed that it rested now with the Royal Yacht Squadron whicher there would be a race or not. The committee, he said, was rill of the opinion that their reply to Lord Dunraven was a fair and aportsmanice document, and if there is no race it will not be their fault. What scenned to be the general belief among the members of the committee and at the New York Yacht Club was that there would be no race unless the squadron makes a square back down.

The formal challenge from the Royal Yacht Fquadron was asceived at the New York Yacht Club house yesterday, a copy of which was printed in Time Sun last Sunday. It was addressed to Secretary Oddle, who, owing to the death of his father-in-law, was not at the club house.

# READY FOR THE PIGHTS.

## Sports Gathering at New Orleans Bemp-sey Is in Flue Condition.

NEW ORLEANS, Dec. 13.-The Auditorium Club will have prize fights to-morrow night and Saturday night. The bout to-morrow will be between George Lavignoof Saginaw and Andy ven of New Orleans, for a purse of \$3,000 and the 136-pound championship. The betting on this event has been about even up to to-day.

On Saturday night Jack Dempsey will fight Tommy Ryan. Dempsey arrived here this morning and was received by Capt. Williams of the Auditorium Club and a number of friends. Jack looks to be in splendid condition. His eye is bright, skin clear, and his flesh is remarkably firm. He spoke in the highest terms of Tybee Island as a training resort, and said that he had great confidence in salt-water swimming. A daily form of exercise that he enjoyed was a

great connecte in sait-water swimming. A daily form of exercise that he enjoyed was a plunge into the sea and a swim-of two miles. He further said:

"I feel as strong and good as ever I did in my life, and I know I am under weight. Do you know that atone time [was down to 136 pounds, and strong at that?" Jack took a five-mile spurt this afternoon, to loosen up his joints and limber his legs, as he said. He will do light work until Saiurday.

In the betting ring Ryan is the favorite. Frank lyes got in last night with more Ryan money, but there is little betting money in sight. There is more argument about the light weights. All the visitors are Lavigne men. New Orleans is for Bowen, thinking that training with Dempsey has made him better. Henley of Saginaw, Mich. put \$1,200 on Lavigne on Tuesday. Both the light weights declare they will challenge McAuliffe in case of victory.

Ryan is down to 142 pounds and in fine shape, and Lavigne is also below weight and strong. It is not unlikely that a match will be made for Joe Choynski. Jim Hall is also anxious to fight, but says he will not challenge Fitzsimmons, as the latter would not accept.

A number of Eastern men arrived this evening. They are eager to be to no Dempsey. It looks as though there will be a good attendance at beth fights.

## Braycott's Reply to Mulroy.

EDITOR OF THE SUN-Sir: In last Tuesday' Sun Mike Muiroy talked about fighting me and giving me ten pounds ever his weight. I am tired of hearing that. I offered to fight him the other night on those conditions, but he would not say what he would agree conditions, but he would not say what he would agree to weigh at the time of weighing in, so that shows he is only bluffing. Now to please him I will fight him under any conditions he may name, and will only be too giad to make a match with him at ones.

I understand that he weighs only 114 pounds. According to his proposition that would cause me to weigh 124 pounds, which he knows I could not get to mow. Then again he may train down to 108 pounds. That would make it still worse for me, as I wouldn't know anything about it until the weighing in time. If I was overweight the fight would be declared off. That seems to be Murroy's acheme.

However, if he will come to the Brighton A. C. on Friday evening i will be pleased to talk business with him or his backer.

DRIVING CLUB'S MEETING. Resolution that Causes Countderable

The annual meeting of the Driving Club of New York was held last night at the Hotel Metropole. There were perhaps fifty of the 800 members present when Vice-President W. B. Fasig called the meeting to order. Treasurer S. H. Mason, Jr., submitted his report for the year, showing the financial condition of the club on Dec. 8 and giving an account of receipts and expenditures since Jan. 1, 1894, Some of the Items were interesting. It was shown that the Grand Circuit trotting meeting In September netted the club \$11,293.02, of which amount some \$2,000 or more remain

outstanding in unpaid entrance fees. Membership fees and dues brought into the treasury \$12,450; stall rent increased the receipts by \$4.486 more, and the club house privlieges realized \$1,824,35. Out of this fund \$10,-000 was paid for rental of the grounds. Repairs and additions to the club house and stables cost \$5,000, labor and care of the track about

pairs and additions to the club house and stables cost \$5,000, labor and care of the track about the same amount, and something like \$2,500 was expended on the inter-city amateur races and on purses bung up at matinees.

Treasurer Mason's report was approved, and then C. A. Willis projected a bombahell into the meeting by offering a resolution to the effect that no person should be eligible to hold office in the club who had not been duly elected to full membership in accordance with the by-laws, which provide that new members shall pay an initiation fee of \$100. Mr. Willis stated that by a system of transferring memberships which had lapsed through non-payment of dues, new men had been introduced on payment of the annual dues along, and that through an arbitrary ruling of President McMillan at the last annual meeting, these members had been permitted to vote on equality with regular members. This, he claimed, was contrary to the by-laws of the club and he proposed to test the sense of the meeting as to whether it should continue. The resolution stirred up a lot of feeling on both sides. It was finally defeated by a vote of 24 to 18, Chairman Fasig following the precedent of the year before by permitting the transfer members to vote for their own salvation.

The election of a new Executive Committee for the coming year was merely a formality, this ticket going through practically without opposition: Andrew Miller, Fred Gerken, Ed. S. Hedges, Luke A. Burks, James Butler, H. R. Murray, S. R. Clark, John Rudd, Anton Schwartz, C. H. McDonald, John D. Barry, and Gen. Jacob Balz.

Votes of thanks were tendered to the outgoing officers, President S. McMillan and Secretary and Troasurer S. H. Mason, Jr., and the meeting adjourned.

The Executive Committee did not elect the successors to Messars. Mason and McMillan, but it seems to be a foregone conclusion that Andrew Miller will be the next President, while there is no opposition to Ed S. Hedges for Secretary.

four Strongest Students at Swarthmore

SWARTHMORE, Pa., Dec. 13.-Yesterday the lass of '97 won the cup offered for the football championship between the sophomore and nen classes by defeating the latter team 20 to 4 in a lively contest. The winners had the services of three 'varsity players behind the line, and they intended to celebrate their victory by and they intended to celebrate their victory by being photographed. The freshmen, however, interfered and prevented a successful picture. The faculty have voted that at least two hours a week shall be devoted to gymnastic instruction under Dr. Shell. The latter is making preparations to develop a competitive gymnastic team, and has been measuring and testing the strength of the boys for this purpose. It is interesting to note that the four strongest men, tested as to their back, legs, fore and upper arms, and lungs, are members of the football team, namely, Sims, Clark, Lippincott, and Knauer.

being present. The track is a very small one, being eighteen laps to a mile, and the turns were exceedingly dangerous looking, boing twelve feet in elevation.

The area attraction of the evening was the appearance of A. A. Zimmerman, who rode an exhibition mile in 2:23-3-5. Harry Wheeler appeared with Zimmerman, but did not ride, and Zimmerman announced that his appearance at this tournament was positively his last as a professional bicycle rider, as he intended to retire and go into business.

Staddart's Cricketers at New South Wales. The fourth match of the Australian tour of A. E. Hoddart's English team of cricketers was concluded at Sydney on Nov. 20. As already stated in Tuz Sus the New South Wales men had lost only five wickets on the opening day's play for 245 runs. On the second day the remaining five wickets fell for only 49 runs. The Englishmen then made a capital start. With cor tributions of 117 by Brown, si by Brockwell, and 79 by A. E. Stoddarf the total reacced 894, 106 runs ahead. With the exception of S. E. Gregory, who scored 57, hone of the New South Wales team made any stand in the second inning, and their effort yielded only 186 runs. Feel took five wickets for 64 runs, and Briggs three wickets for 9 runs. The Englishmen then knocked off the required runs to win for the loss of two wickets. anocked off the required runs to win for the loss of two wickets.

After this contest with the New South Wales team, Stoddar's men met twenty-two of Armidale and dis-trict. The Englishmen Bad to travel over 800 miles. They were out of form when they went to the wick-sts, and the entire side was distrissed for 67 runs. The home team had scored 150 for is wickets at in-the conclusion of the day's play. They were some pred-lar towfing performances. Humphreys took it wick-ets in 8 balls, while Richardson accomplished the "hat" trick.

WAVES YOU CANNOT SEE.

Neither Can, You Hear Them, but You Find

the Wrecks They Make Everywhere. The gas exhaled from your lungs is much heavier than theair, and, as you know, perfectly colorioss. If this gas had the least color you would see it fall to the floor, obscure the figures of the curpet, and rise along the wainscoting at a rate depending upon the number of persons in the room. By the time the waves rolled over the table you would cease to wonder why people who live in ill-ventliated houses are almost always sick, particularly in cold weather, when doors and windows are shut.

A duil leadache, had taste in the mouth, fa-tigue after exertion, and falling, capricious appetite are among the evidences that bad air has weakened the system. So far, no clearly marked disease has appeared, but the body is at the mercy of the first attack, as a crippled ship is helpiess in a storm.

A stimulant of irrepreschable quality will set

things right, as all who have used Duffy's Pure Mait Whiskey know to their joy. They find in it a means of quickening the torpid blood, assisting digestion, alloying any nervous irritation d so stirring the energies of the body as ton aside the consequences of chill and sudde

turn aside the consequences of third and sudden exposure.

Luceasing care is exercised in the selection of materials and at every stage of manufacture. Duffy's Mait is distinguished from other whiskey by its medicinal virtues and by the purity that has anguested a comparison between it and the limpid water of a mountain spring.—Adv.

McGinley, at 331 Ewen street. On the night of Nov. 4 Mrs. White left her house with her mother and an unmarried sister to go shopping. They met White, who talked to his wife for nearly two hours. When she left him. White says she went in the direction of her home. Nothing has been seen or heard of her since and Mrs. McGinley believes that she has been killed. White is of the opinion that she has gone with another man. White told Justice Goetting that as long as she chose to go away he was not going to search for her.
